

ECSE Recertification

Video On-Demand

This self-paced video on-demand training course consists of lectures taught by Wi-Fi experts, and is designed for current ECSE certification holders that wish to renew their certification status.

ECSE certificates are valid for 3 years and need to be continuously updated to account for changes in industry standards and Ekahau product best practices. Passing the ECSE recertification exam will automatically renew all currently held ECSE certifications by an additional 3 years.

Recap your knowledge and dive into the following:

- ✔ RF fundamentals
- ✔ Predictive designs
- ✔ Capturing and analyzing survey data
- ✔ Spectrum analysis
- ✔ What's new in Wi-Fi 6, Wi-Fi 6E & 6 GHz
- ✔ What's new in Ekahau AI Pro, Survey, Analyzer and Insights
- ✔ And much more!

Course specifics:

- ✔ Updated in 2022 to include 6 GHz
- ✔ Designed for Wi-Fi engineers, architects, network owners, IT administrators, and other Wi-Fi and IT professionals
- ✔ Renew the highly regarded ECSE certification status upon passing the recertification exam
- ✔ Self-paced video on-demand format
- ✔ Training offered in English only

Prerequisites:

- ✔ Students must have previously been issued an ECSE certificate in order to qualify for the ECSE Recertification course
